

Event Benefits Women and Children in Local Shelters

Red Wing—Haven of Hope

The purpose of HOPE Coalition is to provide a safe space for children, families and individuals experiencing family violence or homelessness.

Hastings—Lewis House, Community Action Council

We are a nonprofit dedicated to helping families in crisis get back on their feet, with the help of over 2,000 volunteers working out of more than 50 locations in Dakota and Scott counties. We also work with the larger community on crisis prevention to minimize long term costs to our community and improve our overall quality of life.

Rochester— Women's Shelter Inc

The mission of Women's Shelter Inc. is to assist female victims of domestic violence and their children by establishing and maintaining a facility which will provide safe, temporary shelter to these women and children.

Let's help women find their enchantment, their heart and their way back home with the boost of a simple and heartfelt, homemade gift.
